

**ELASTO-SHIELD S300** is a water based tough, hard wearing elastomeric coating that adheres to existing painted surfaces, concrete, timber , waterproofing membranes and sealants with minimal preparation. Supplied at application viscosity, it gives an extremely tough and hard film. Because it uses a high performance polymer it is resistant to yellowing and age crazing. It has state of the art UV absorbers incorporated that assist in surface protection from the effects of sunlight. It is frequently used as an waterproofing,/sealing , decorative coating on retaining walls, concrete construction panels, renders and plasters.

- Single high solids content water based coating
- Cost effective
- Ideal viscosity, supports roller, brush and spray application

**Elasto-shield S300 clear is manufactured in New Zealand by IDEALS LTD .**
